Education

Guru Tegh Bahadur Institute of Technology

Bachelor of Technology (B.Tech), Computer Science Engineering - Data Science

September 2023 – August 2027

CGA 8.72

Projects

• **Flight Booking System – Python, Tkinter, MySQL** : Developed a flight reservation system using Python, Tkinter and MySQL. Implemented role-based authentication for users and administrators. Designed MySQL database for booking, cancellation and passenger management. Built admin dashboard to monitor bookings and customer records.

• **Pomodoro Timer App – Python, Tkinter, Figma** : Built a productivity application with customizable work/break sessions. Designed task tracking interface for monitoring productivity. Developed GUI using Tkinter and Figma assets.

• **Offline Music Player – Python, PySide6, JSON** : Created a music player with play/pause/stop and real-time progress tracking. Implemented JSON-based data storage and dynamic GUI with PySide6.

Experience

UI/UX Intern | NeuSpaarX Technologies Pvt Ltd. | April 2026 – October 2026

UI/UX Intern | Akdenar | Oct 2025 – Feb 2026

• Collaborated with developers to improve usability of web and mobile products.

• Designed user flows and interfaces based on business and user requirements.

• Worked in cross-functional teams to translate requirements into design solutions.

Certifications

- **100 Days of Code: The Complete Python Pro– Udemy**
- **Python Data Structures & Algorithms– Udemy**
- **TATA Data Visualization Certificate – TCS iON**

Technical Skills

- **Programming:** Python, C++, Java (Basic)
- **Database & Data:** MySQL, SQL, Excel, Power BI, Data Cleaning, Data Analysis
- **Development:** Tkinter, PySide6, JSON
- **Tools:** Git, Figma, Affinity
- **Core:** Communication, Problem Solving, Analytical Thinking, Teamwork, Requirement Analysis
